TheProducersMarkets.co.uk

The Producers Markets bring local producers, makers, foodies, creatives and artisans together to celebrate and showcase their products in the most beautiful locations.

Our markets offer a great diverse selection of street food too! Think Gourmet Hot Dogs, Bao Buns, Lebanese, Crepes and more, with Vegan and Gluten Free options.

Our markets have become quite the destination! Whether you want to quiet shop, meet up with friends or bring the whole family there is something for all. Furry friends are always welcome.

Every market has that added extra. Free arts and craft for the kids, live music, heritage guided tours - check out each market for the full programme.

We are proud of our strong Eco stance at our markets and it continues to grow. We now have a refill station at Lesnes Abbey & Danson House and our traders use eco-friendly packaging.
